

axi-dent™

Pet Odor Neutralizer for the
Carpet Cleaning & Pet Industry.
Eliminates Odors At the Source!

Suggested Uses:

VETERINARIANS,
HOTELS, MOTELS,
KENNELS,
GROOMERS,
BREEDERS, and
anywhere odors from pet
“accidents” are likely to
be a problem.

Features and Advantages:

- Eliminates odors from pet accidents.
- A unique delivery system reaches under carpets, behind baseboards and inside upholstery to destroy pet odors at their sources.
- Extremely effective in deterring repeat urine and fecal deposits by eliminating the aromatic “marking” left by cats, dogs and other pets.
- Eliminates the need for expensive hypodermic needles.
- V.O.C. compliant.

Directions for Use:

1. Remove fecal solids with cardboard or spatula.
2. Blot urine spills with absorbent towels.
3. Clean soiled area with a solution mixture of 2/3 cup water, 1/3 cup white vinegar, and 1 tsp. dish detergent.
4. Blot area with absorbent towels, rinse with clean water and blot again.
5. To inject, poke a small hole in carpet backing and pad, or into furniture fabric with an ice pick or other sharp pointed object. Insert Odorjector™ tube into can nozzle. Then, insert tube into hole made in carpet or furniture. Apply 4-8 pumps of axi-dent™.
6. To mist simply apply 2-4 pumps on cleaned area. Apply every 24 hours to avoid over treatment.

See label for complete safety and mixing instructions.
